Won't stop won't stop
Won't stop won't stop

Oooooooooohhhhhhhh
My body

Won't stop won't stop
Won't stop won't stop

I don't really want
To dance with you
Only wanna do what lovers do
Can't wait to get next to you

My body won't stop (X2)

Caught you looking at me
Dancing from across the room
Didn't want you to notice
That I already
Had my eyes on you
Together with you,
There's nothing boy
That I wouldn't do
Wanna get close to you,
I'm too shy to make a move

And all I wanna do is

I don't really want
To dance with you
Only wanna do what lovers do
Can't wait to get next to you

My body won't stop (X2)

You know it, I know it baby
We can't leave this party alone
So if you're ready, I'm ready,
Take me anywhere you wanna go
Can't wait to feel your body,
It takes my breath away

I wanna tell somebody,
Cuz no one makes me feel
This way

And all I wanna do is
I don't really want
To dance with you
Only wanna do what lovers do
Can't wait to get next to you

My body won't stop (X2)

And think I'm in love,
Cuz it's you
That's driving me
So damn crazy
I know what I feel,
And I can't
And I won't let you go

Ooh

I don't really want
To dance with you
Only wanna do
What lovers do
Can't wait
To get next to you

My body won't stop (X2)

(so baby let's go)

If you're ready,
Then I'm ready,
Cuz I'm ready,
Baby let's go

(x2)

I don't really want
To dance with you
Only wanna do
What lovers do
Can't wait
To get next to you

My body won't stop (X2)

I don't wanna be
Alone tonight,

Say you
Wanna be with me

Tonight
I don't wanna be
Alone tonight

I wanna do I wanna do,
Anything you wanna do
So come on baby

My body won't stop
