You can find it in the stars
You can find it in the sea
You can find it in my heart

Is it hiding in the trees
Is it hiding in the sky
Is it here inside of me

Satellite
Don't fly away
Satellite
I've found a way to love you
To love you

Satellite
Don't fly away
Satellite
I've found a way to love you, to love you

When you're watching from the moon
When you've fallen to the earth
When you're spinning round my room

Do you ever lose your way
Do you ever fall apart
Do you ever start to pray

Satellite
Don't fly away
Satellite
I've found a way to love you

Satellite
Don't fly away
Satellite
I've found a way to love you

You can hide behind the stars
You can hide beneath the sea
You can hide inside my heart

Satellite

Is it hiding in the trees
Is it alien to you
When its all I aim to be

Satellite
Don't fly away
Satellite
I've found a way to love you

Are you watching me tonite
Are you watching me
