Duet

Guy:

I am standing here next to you hand in hand.

I am afraid to say don't want to let you down.

Girl:

Speak from your heart and stay true, I will always love you.

Guy:

When I'm with you or I think about you.

My heart beats 100 times faster and I feel like I can't breathe.

Baby I love you

I want to hold you forever.

I want to hold your hand forever.

I want to hug you forever.

I want to kiss you forever.

I want to be there for you forever

And never stop, never stop.

Girl:

That is so sweet how would I ever beat that.

Guy:

Do what you told me.

Speak from your heart and stay true.

I will always love you.

Girl:

I remember when I was younger.

When I saw you

I was so scared.

I thought I was going to die.

I was in love with you and you didn't know.

I didn't want to tell

Didn't want my heart broken.

Then one day

One sunny, sunny day

You said to me let's hang out.

I couldn't believe my eyes and I felt like I could fly.

I want you to hold me forever.

I want to hold your hand forever.
I want to hug you forever.
I want to kiss you forever.
I want to be there for you forever
And never stop, never stop.

Together:
We are having our first dance now.
They are playing our song.
We are holding each other.
Please don't let this song ever end.
I could stay here forever.
With you.
With you.
You are my soul mate now and forever.
We shall conquer the world together.

Guy:
I love you

Girl:
I love you to
I love you

Guy:
I love you to.
I love you, you love me to.

Girl:
I love you, you love me to.

Guy:
I am ready to spend the rest of my life with you.
We will be together through whatever.

Girl:
I am ready to spend the rest of my life with you.
I will stay by you through thick and thin.

Together:
I love you.
I do.
