How do you tell someone that you like them  
Do you walk straight up or coward in fear  
What if he says no  
Will you break down in tears  
Or you could be real brave  
And find a friend

Chorus:

Your friends are there for you  
And they'll always be true  
When you've lost someone close or have bad hair  
Because every girl needs a friend who is right there

How do you tell someone that their friend is gone  
Do you tell her straight or let her down slow  
If you let her down slow the pain will be bad  
But at least you let the truth  
Cause your a friend  
With a golden heart  
And she'll always know

Chorus:

Your friends are there for you  
And they'll always be true  
When you've lost someone close or have bad hair  
Because every girl needs a friend who is right there

Ooo  
Don't be scared  
Ooo  
I'll be right there

Bridge:

If you need a friend  
I will be right there  
Cause every girl needs a friend  
From the worst of things to bad hair  
And she'll believe it when her mother says

Chorus:

Your friends are there for you

And they'll always be true  
When you've lost someone close or have bad hair  
Because every girl needs a friend who is right there
