The chemist said it would be alright  
But I've never been the same  
Oh the chemist said it would be alright  
But I've never been the same

Feel always from music on the street, hmm hmm  
With the ? ? people crouching their God I should be  
glad  
Of another ? ? ?

The chemist said it would be alright  
But I've never been the same  
The chemist said it would be alright  
But I've never been the same

Everywhere an oink oink  
Everywhere everywhere an oink oink  
Everywhere, 'verywhere an oink oink

It would, the chemist said, (everywhere),  
It would be alright ( everywhere an oink oink )  
But I've never been the same  
Everywhere an oink oink

Oh the chemist said (everywhere everywhere)  
It would be alright ( an oink oink )  
But I've never been (everywhere ) the same  
(everywhere an oink oink )

But the wicked pack of cars  
'where an oink oink  
Everywhere, 'verywhere an oink oink  
Everywhere, 'verywhere an oink oink  
? ? ? ? the parties ? ? ?

On a human taxi waste like engine  
Thro? ? ? and wi? ? ? ing  
Oh the chemist said it would be alright  
But I've never been the same  
The chemist said it would be alright  
But I've never been the same

Oh the chemist said it would be alright  
But I've never been the same
