You want me thinking that you don't care at all  
And that there's something more than you're giving off  
Bet I see through all of your lame defenses  
And I'd love to call you out on them  
I won't be fooled no I'm not the only one  
We'll take you out yeah you'd better run

Failed to prove yourself  
Never been yourself  
It's Us vs. You this time  
We've been through this before  
But now we know for sure  
It's Us vs. You tonight  
Your looks are sweet but they won't save you  
Your talk is cheap and you've been too  
So time to say goodbye  
Pack up all your lies  
It's Us vs. You this time

Remember thinking that you had it all  
Had me hypnotized with your smile  
Thought you were everything I should have known all  
along  
That you were nothing, nothing I needed at all  
I won't be fooled no I'm not the only one  
We'll take you out yeah you'd better run

You failed to prove yourself  
Never been yourself  
It's Us vs. You this time  
We've been through this before  
But now we know for sure  
It's Us vs. You tonight  
Your looks are sweet but they won't save you  
Your talk is cheap and you've been too  
So time to say goodbye  
Pack up all your lies  
It's Us vs. You this time

When I lost you  
Didn't know what to do  
Didn't love you

But the idea of you  
You hurt us one time  
But one time was enough  
We're here to let you know

Failed to prove yourself  
Never been yourself  
It's Us vs. You this time  
We've been through this before  
But now we know for sure  
It's Us vs. You tonight  
Your looks are sweet but they won't save you  
Your talk is cheap and you've been too  
So time to say goodbye  
Pack up all your lies  
It's Us vs. You this time
