Step on up, come along, spin the wheel  
To a place where you know nothing's real  
Everyone here is waiting for you tonight  
We've got thrills, if you will, so join our fantasy  
So take a chance take my hand and feel the ecstasy  
You don't know what you're in for on this ride  
You'll be surprised

Nothing is what it seems  
Welcome to the House of Freaks  
And no one ever leaves  
Welcome to the House of Freaks

Come on in, check the fear at the front door  
Day is night, night is day, moving forward  
Everyone hides themselves in their own disguise  
Look around we're all different you're no better  
So take a seat, 'cause we're all stuck here together  
Buried deep is the truth within our lies, surprise

Nothing is what it seems  
Welcome to the House of Freaks  
And no one here ever leaves  
Living in the House of Freaks

And nothing is too extreme  
Welcome to the House of Freaks  
There all freaks like you and me  
You can be what you want to be  
Welcome to the House of Freaks

Welcome to the House of Freaks  
Welcome to the House of Freaks  
Welcome to the House of Freaks  
Welcome to the House of Freaks

Nothing is what it seems  
Welcome to the House of Freaks  
And no one here ever leaves  
Living in the House of Freaks

And nothing here is too extreme

We're all freaks like you and me  
And you can be what you want to be  
Welcome to the House of Freaks
