You didn't call me back,
you just watched me fly away.

A bullet in my back,

there's unearthly calm today.

What is to become of me?

You were part of everything.

You stole my heart,

and left me in the dark...

You can't abuse me anymore,

can't confuse me anymore,

and you can't lose me anymore,

'cause it's over...over...goodbye.

And I can't need you anymore,

I can't see you anymore,

I could not read you anymore,

It's over...over...goodbye.

A cold surprise attack,

surrounded by your mortar shells.

I think it's pretty sad,

I thought that we were doing well.

I can't seem to recall my name,

and I don't want to play this game.

You stole my heart,

and left me in the dark...
