Sittin' here for hours,
a thousand miles away,

dreamin' 'bout the love we used to know.

Took a lot to get you,
and more to let you go,

I can't believe the love we had is gone,
only that the time was wrong...

But I will wait for you.

Don't you know that's what I do...

With my cool ELECTRIC EYES,

I will sympathize
and play the fool...

I'm lookin' for a reason,
to call you on the phone,
and let you know my heart will always bleed.

'Cause you have never left me,
no matter how it seems.

No one else could ever break the bond,
eliminated one by one...

And I will wait for you
Don't you know that's what I do...

With my cool ELECTRIC EYES,
I will sympathize
and play the fool....
I will wait for you
Don't you know I see right through you...
With my cool ELECTRIC EYES,
I'll read between the lines
and play the fool...
I will wait for you
Don't you know that's what I do...
With a secret in my heart
I will play the part
and play the fool...
I could telephone and you might be home,
or I might not get you.
I could take my time, I could waste a dime,
and I might not get through.
Here inside my silent darkest hour,
I could turn it 'round, what was lost is found
or I could take a fall, and I could lose it all...
-acap
