No one's wrong.
No one's right.

Both of us think, "Who's sorry tonight?"

Wanna fight about it.

Chose off sides, held our ground, communication is all
broken down.

Can't lie about it.

Oh, darling, I miss you so.

Only time will tell, where your heart will go...

I'm sitting here SOUL SEARCHIN', playing with the
broken arrow.

Is it worth it, feeling so blue?

Sitting here SOUL SEARCHIN', got my focus straight
and narrow, private tunnel, wonderful view...

...If I don't mind losing you...

Winter swept through our hearts.

Here we are, we're so far, far apart.

Ain't no doubt about it.

Cool, sober scenario, as the silence echoes

what my heart should know...

(Chorus)

And I told myself it's only my convictions verses you.

So, how can I choose, baby?

I'm sitting here SOUL SEARCHIN', playing with the
broken arrow.

Is it worth it, feeling so blue?

Sitting here SOUL SEARCHIN',

got my focus straight and narrow, private tunnel,

wonderful view...

Everything shiny and new...

...If I don't mind losing... you...
