I went to party  
The people were screaming  
Oh yeah!  
The people were dancing  
Everybody laughing  
I couldn't believe, I was so surprised  
Everybody singing right before my eyes  
Simon Says, let's play it one more time  
Simon Says, before we lose our minds  
Simon Says, it's only just a game  
Simon Says, let's do it all again.  
I didn't understand  
I was so confused  
Who was this Simon?  
Who let him loose?  
The party was rocking, so out of control  
No way to stop it  
No where to go  
Simon Says, let's play it one more time  
No, no, we won't go  
We wanna play  
No, no we won't go  
Until we play  
Oh, oh, oh we wanna play  
If you want to play  
The rules you must obey  
Simon Says put your hands in the air  
Simon Says like you just don't care  
Simon Says let the girls sing YE-AH! YE-AH!  
Simon Says let the boys sing YO-YO!  
Simon Says everybody sing OH-EH OH-OH-EH-OH  
Simon Says put your right foot out  
Shake your body all about. You're out!  
Simon Says, let's play it one more time  
Simon Says, before we lose our minds  
Simon Says, it's only just a game  
Simon Says, let's do it all again.
