Sometimes I wish I hadn't gotten that tattoo sometimes  
I wish I'd married you one hundred fires one hundred  
days sometimes I feel like a stranger sometimes I tell  
lies (whoa ho) sometimes I act

A monkey here come the night and then kerjillions of  
stars start to shine and icy comets go whizzing by and  
everything's shaking with a strange delight and here it  
is: the enormous night and oo

Es they're lookin all around and oo my feet I'm upside  
down if I were the president if I were queen for a day  
I'd give the ugly people all the money I'd re-write the  
book of love I'd make it fun

Eel of fortune wheel of fame two hundred forty million  
voices two hundred forty million names and down in  
the ocean where nobody goes some fish are fast some  
are slow some swim round the world s

Ide below this is the ocean so deep so old. and then  
kerjillions of stars start to shine and icy comets go  
whizzing by and everything's shaking with a strange  
delight and here it is: the enormou

Ht and oo my eyes they're loo

Kin all around and oo my feet they've left the ground  
so cry me a river that leads to a road that turns into a  
highway that goes and goes and tangles in your  
memories so long so old.
