Final Version:

Fearless Vampire Killer  
by Ms Lauryn Hill

Fearless Vampire Killer  
I am a Fearless Vampire Killer  
I am a Fearless Vampire Killer  
I am a Fearless Vampire Killer

Watch yourself up in the realm  
Watch yourself up in the front  
You didn't come up with nothing  
These are fuckin' liars  
Holes in your pocket, and  
now you're a department store buyer  
Put some more leaves on the fire  
You're not the wheat you're just the chaff  
Your whole operation makes me laugh  
No Class  
You never had money now your whole Op's about cash  
Come on find a new topic  
You got kids in the street listening to this SHIT  
You going to kill them just to make a profit  
You're real short term  
You don't see the big picture  
Just look at the news  
I don't need to quote scripture  
At you, but I can do that to  
Bad boys what you going to do when the come for you  
I don't mean the Coppers (Cops)  
I mean the Tormentors  
A little awkward  
They going to pop you in a padded lock  
You know you had it coming

Chorus

Where you gonna go now? What you gonna do now?  
Where you gonna go now? What you gonna do now?  
Where you gonna go now?

## Chorus
