I just want you around
I just want you around
I just want you around
I just want you around

Thought that I had lost you
I can hardly make a sound
When I thought I couldn't hold you
Knew the world had let me down

Should have took the time to tell you
You keep my feet on the ground
I hope that you can hear me
'Cause I know it's not profound

I just want you around
I just need you around
I just want you around
I just need you around

When I thought I was without you
I got used to being down
Was my fault I used to doubt you
But that ain't me next time around

Please believe me when I tell you
'Cause all my words are bound
This is my cross, now let me bear it
I was lost but now I am found, found, found

I just want you around
I just need you around
I just want you around
I just need you around

Took this love for granted
Kept my feelings underground
Should have watered what I planted
Should have known what I have found

I'm not used to being lonely
I don't like the way it sounds

You're the only one I know, yeah
Who don't turn my upside down

I just want you around
I just need you around
I just want you around
I just need you around

Yeah, I want you around
I just need you around
Just want you around
I just need you around

Yeah, I want you around
I just need you around
Yeah, I want you around
Just want a man around

Just want you around me
I just need you around
Yeah, I want you around here
Yeah, I want you around

Just want you around me
I just want you around
Just want you around
