I just want you around  
I just want you around  
I just want you around  
I just want you around

Thought that I had lost you  
I can hardly make a sound  
When I thought I couldn't hold you  
Knew the world had let me down

Should have took the time to tell you  
You keep my feet on the ground  
I hope that you can hear me  
'Cause I know it's not profound

I just want you around  
I just need you around  
I just want you around  
I just need you around

When I thought I was without you  
I got used to being down  
Was my fault I used to doubt you  
But that ain't me next time around

Please believe me when I tell you  
'Cause all my words are bound  
This is my cross, now let me bear it  
I was lost but now I am found, found, found

I just want you around  
I just need you around  
I just want you around  
I just need you around

Took this love for granted  
Kept my feelings underground  
Should have watered what I planted  
Should have known what I have found

I'm not used to being lonely  
I don't like the way it sounds

You're the only one I know, yeah  
Who don't turn my upside down

I just want you around  
I just need you around  
I just want you around  
I just need you around

Yeah, I want you around  
I just need you around  
Just want you around  
I just need you around

Yeah, I want you around  
I just need you around  
Yeah, I want you around  
Just want a man around

Just want you around me  
I just need you around  
Yeah, I want you around here  
Yeah, I want you around

Just want you around me  
I just want you around  
Just want you around
