Your broken dreams, your crazy schemes
They always let you down
The things we chase, a hopeless race
You're breathless off the ground

From soaring highs to crash-and-dies
A peace yet to be found
But you could spend a lifetime running
You could spend a lifetime running

And do you feel the fire when the flame gets hot?
Are you living every day like it's the last you got?
Will you step aside when it all falls down
And watch it burn away?

Have a little faith when the walls cave in
Pray for strength to fly against the wind
Will you walk away when the fire gets hot
Or fight another, another day, yeah
Another day, yeah

Your fractured heart, your disregard
It leaves you frozen still
A slow withdrawal from it all
That keeps you unfulfilled

Will you spend a lifetime running?
'Cause you could spend a lifetime running

And do you feel the fire when the flame gets hot?
Are you living every day like it's the last you got?
Will you step aside when it all falls down
And watch it burn away?

Have a little faith when the walls cave in
Pray for strength to fly against the wind
Will you walk away when the fire gets hot
Or fight another, another day, yeah
Another day, yeah

Even when your heart's been broken
He'll be there with arms wide open

Be strong, and his love will lead you to fight another
day

Even when your heart's been broken
He'll be there with arms wide open
Be strong, and his love will lead you to fight another
day

Even when your heart's been broken
He'll be there with arms wide open
Be strong, and his love will lead you to fight another
day

Even when your heart's been broken
He'll be there with arms wide open
Be strong, and his love will lead you to fight another
day

Keep your head to the sun 'cause it's shining
Keep your head to the sun 'cause it's shining on you, on
you
Keep your head to the sun 'cause it's shining
Keep your head to the sun 'cause it's shining on you, on
you

Another day, day
Another day, day
