Big  
Green  
Hungry  
Mean  
Maim mower, maim  
In your garden on your lawn,  
With your mower,  
Bobbing along doing jobs,  
Thinking life's just fine,  
You bend down, the mower frowns,  
You wonder why you bother,  
You bend down, the mower frowns,  
The last thing that you do.  
Blades are turning, burning, churning,  
Ripping at your flesh,  
Crashing, thrashing, mashing, bashing,  
Taking you last breath  
Big  
Mean  
Hungry  
Greeb  
Maim mower, maim.
