I was standing on the road to despair  
And I figured that nobody cared  
Something pass over me from above  
And I was standing in the  
Shadows of love, yeah, yeah  
(Standing in the shadow of love)

And I knew that at last, I was free  
And I figured that you'd soon come to me  
The cloud that passed over me from above  
Had me standing in the shadows of love  
(Standing in the shadow of love)

Well, my heart felt lighter  
Things looked brighter and I knew  
That you had answered my prayer  
I will never forget the day that we met  
Your eyes told me they were  
Willing to share

A love that will never grow old  
A love that will never grow cold  
Won't you take my hand  
Let's walk this land into  
The shadows of love  
(Standing in the shadow of love)

Well, my heart felt lighter  
Things looked brighter and I knew  
That you had answered my prayer  
I will never forget the day that we met  
Your eyes told me they were  
Willing to share

A love that will never grow old  
A love that will never grow cold  
Won't you take my hand  
Let's walk this land into  
The shadows of love, oh  
(Standing in the shadow of love)

Walk with me

(Into the shadow of love)  
(Into the shadow of love)  
Oh, yeah, yeah, yeah  
(Into the shadow of love)
