Well I could play with Tom, Dick, and Harry  
But for me you're the only one  
Who makes me me shiver,  
Makes me tingle,  
And who brings my loving down  
I played the love game before I met him  
It's a game I've always won  
But now you set my soul on fire and I really had my fun  
With other boyfriends, the good-time men friends  
I still had to walk this road all by myself  
I was their play girl, a careless gay girl  
But I put them all on the shelf

I found my true love with you forever  
And my life has just begun  
Cause now you set my soul on fire  
And I really had my fun  
Good bye to play boys  
Those hey hey hey boys  
Good bye to everyone but you my love  
No more heart aches no more heart breaks  
I swear by all the stars above,  
Well on my soul, my love, my heart  
I'll miss you darling from now on  
Cause now you set my soul on fire and I really had my  
fun
