I'm a sick and perverted man I get my kicks with a
watering can A length of hose
to make things flow A one man anal fountain
show, A bowel of water to be let out Let me pull on your
sphinctal spout, I'm
the Illinois enema bandit I will make your
rectum sick I'm the Illinois enema bandit I will make
your rectum sick, I'm a

sick and perverted man I get my kicks with a
watering can A length of hose to make things flow A
one man anal fountain show,
Administer young women In a novel way It's
quite amusing to see What the papers say The next
morning On the girlie's tunnel
I leave my calling card On her anal funnel
