Imma tell you a story here it goesÂ...

Listen,
Let me say this face to face
Before you walk away from me
Listen up baby
We know things ain't gunna change
I love you but she's in the way
Where does that leave me? woahh
What a mess so wrapped up in you
And there's nobody else for me
In my heart I am so confused
But I keep telling myself..

[chorus]

Forget you
That's all I wanna do
I gotta face the truth
Cause this just ain't no good for me
Forget you
I really wish I could get you off my mind
As hard as I may try I can't forget you

Do dah do do do do doo
I just gotta forget you
Bri talk to em
Baby heres where i went wrong
Thinkin I could have you
Even though I knew the truth
You were with somebody else
Don't mean no disrespect
But she aint got nothing on me woah woahhh
What a mess wish that i could get over you
My hearts tellin me to..

[chorus repeat]

Wish things were different but they're not
You and I will never be
And that's what is killing me
Best thing for me to do is go and find somebody new

But that wont happen till i forgeeeeeeeet you ..do dah
do do do do do

[chorus repeat (2)]

And that's the story
Now you know how I feel
And that's all I gotta say
