Standing at the crossroads,
Don't know where to go.
Is it this way, is it that way,
So hard for me to know.
There's a needle in a haystack,
That's waiting to be found.
And I know that I'll be searching,
Just as long as it's around.
What keeps me going,
Is the hope of better times(better times).
When the clouds have disappeared
in the bright sunshine.
I've gotta find love,
Gotta find the sweet and precious love.
Gotta find love, baby if your out there, somewhere,
Baby if your out there.
I've gotta find love.
First I met a fly-boy,
Then I met a fake.
Then I met another man,
Who was kinda' hard to take.
Just like the saying goes,
Bad things come in 3's.
I'm getting kind of tired lately
of endless maybes.
I've gotta find love,
Gotta find the sweet and precious love.
Gotta find love, baby if your out there, somewhere,
Gotta find love,
Something with the power of heaven above.
Gotta find love, baby if your out there,
I've gotta find love. (echoes)
Got To find love!
Got to find love!
Got to find love!
Got to find love!
I've gotta find love,
Gotta find the sweet and precious love.
Gotta find love, baby if your out there, somewhere,
Gotta find love,
Something with the power of heaven above.

Gotta find love, baby if your out there, somewhere.
(Repeat until fade)
