I couldn't resist the temptation
To hit you back with a new sensation
And love you like I should.
With nothing but lies and words to make you cry.
With your marble walls and fucked up calls,
Think you love you and that's all.
I'll be fine.
I'll be fine.
Cause your words; they'll never hurt me.

This is for all the time you said
I'd amount to nothing.
How I'd be alone and thirty-three on a losing streak.
Well now,
We're all
Sharing our lives in the day.
Today is the day when our lives make a change.

To all the times you struck me down.
She gazed, depressed while you pushed me around.
My ambition to be alive has worn thin.
With your marble walls and fucked up calls,
Think you love you and that's all.
That's all right.
That's all right.
Cause your words; they'll never hurt me.

This is for all the time you said
I'd amount to nothing.
How I'd be alone and thirty-three on a losing streak.
Well now,
We're all
Sharing our lives in the day.
Today is the day when our lives make a change.

(can't make this part out)

This is for all the time you said
I'd amount to nothing.
How I'd be alone and thirty-three on a losing streak.
Well now,
We're all

Sharing our lives in the day.
Today is the day when our lives make a change.

(This is for all the time you said
I'd amount to nothing.
How I'd be alone and thirty-three on a losing streak.)
