I drew your name in the sand
But the tide washed it all away.
She came along and made it seem like eternity.
Now I'm writing her name.
But it doesn't write the same
As the six letters that have been
Washed into my brain.

Nothing's better than you.
So where's your mind?
I could never treat you so bad.
Nothing's better than you.
So where's your mind?
Nothing's better than
Nothing's better than you.

Shut the door and dim the lights
And I'll call you over for a perfect night.
Cause if she's all I've got tonight,
You're all I need.

The truth is I could never love that girl, so stop your
dreaming.
The truth is she's been felt more than a blind man's
brail.

Nothing's better than you.
So where's your mind?
I could never treat you so bad.
Nothing's better than you.
So where's your mind?
Nothing's better than
Nothing's better than you.

Shut the door and dim the lights
And I'll call you over for a perfect night.
Cause if she's all I've got tonight,
You're all I need.

She'll never be as good as
Everything you do
And everyway you prove

That nothing's better than
(Whoaaaa)
