I'll be fine for a while,
Until I see your face in a photograph
With your smile.
And nothing's left.
Well, I don't know.
I've got thirty pages of photographs with your smile.

Every time I try to write,
It never seems to come out fine.
Because all I can think about is the time we had
Between you and I.

(just can't seem to get away from) I just can't seem to
get away from you.
I just can't seem to get away from...

And nothing's left.
Well, I don't know.
I've got thirty pages of photographs with your smile.
And every time I try to write,
It never seems to come out fine.
Because all I can think about is the time we had
Between you and I.

(just can't seem to get away from) I just can't seem to
get away from you.
I just can't seem to get away from...
(out, let it out)
I just can't seem to get away from you.

Photographs, letters about,
Colorful nights, cigarettes and life.

So I let it out, let it out with you.

Nothing's left. Well I don't know.
I've got two more shots to go till I
Forget your smile.
And every time that I think I'm over us,
Pictures of you show up and photographs.

I just can't seem to get away from your smile.

(I just can't seem to get away from you.)
I just can't seem to get away from your smile.
(I just can't seem to get away from you.)
I just can't seem to get away from your smile.
(I'll be fine for a while, till I see your face in a
photograph with your smile.)
(I just can't seem to get away from you.)
I just can't seem to get away from your smile.
From your smile.
