This isn't how it's supposed to be
Razorblades that make wrists bleed
(ooh)
Eyeliner and cigarettes
Lipstick the color of death
(ooh)

Don't say a word
Just sit dark and cry
It's alright

Just hold your breath
Hope thirteen's not forever
For this baby girl

Yea cause, nothing will change this
Nothing could save her from the end
But you still have to believe in
Something to save yourself

Don't try hard to find her,
She's already gone tonight
So cry hard, life's too hard
To let it pass
[x2]

She's already gone

Eyes for lines on the door
Keep talking to me, screaming
I feel knives stabbing the inside
I can't breathe anymore
Just one more cross to bare
But i can't breathe anymore

Nothing will change this
Nothing will save her from the end
But you've gotta believe

Don't try hard to find her,
She's already gone tonight
So cry hard, life's too hard

To let it pass
