Time marches on never ending,  
time keeps it's own time  
Here we stand at beginning,  
and then goes passing us by,  
And I, I, I can dream for us all,  
I hope I'm in a better state,  
When here and now crumbles and falls and you,  
you, you who make worlds collide  
I knew you'd come knocking one day,  
unannounced like a thief in the night.

So tell me how do you do  
Finally I meet you  
You don't know what I've been through,  
waiting and wondering about you  
I had a dream my trip would end up at you,  
and now I know paradise.

tomorrow, tomorrow,  
tomorrow means nothing at all  
If we don't hear the line,  
when today places its call,  
and morning, morning,  
Morning, won't ever be the same,  
now I won't make the same mistakes,

Time and time again  
Time and time again

So tell me how do you do  
Finally I meet you  
You don't know what I've been through,  
waiting and wondering about you

So tell me how do you do  
Finally I meet you  
You don't know what I've been through,  
waiting and wondering about you

So tell me how do you do  
Finally I meet you  
You don't know what I've been through,

waiting and wondering about you

So tell me how do you do  
Finally I meet you  
You don't know what I've been through,  
waiting and wondering about you

So tell me how do you do  
Finally I meet you  
You don't know what I've been through,  
waiting and wondering about you
