Intro

(My shining star)

Verse

I'm just loving you  
The perfume in a rose  
The symbol of my love for you  
Love is on my side  
And always will be there  
Forever holding it for you

Bridge

Round and around and around  
You lift me up  
Round and around and around  
I feel your love

Chorus

You will find me you will reach me  
If you follow my star  
It will shine down it will guide you  
If you follow your heart  
You will see me you will feel me  
If you follow my star  
It will shine down it will guide you  
Wherever you are  
(My shining star)

Verse

Nothing that I say and nothing that I do  
Can change the way I feel for you  
Life is not the same when you don't hold my hand  
It's sad and I don't want to cry
