Hahahahahaha

I want all you mother's off the street
Or you'll end up as bloody meat
World war three has just begun
So if you can't rock you'd better run

A new wave is on the rise
With safety pins stuck in their eyes
The time has come let's get it down
Let's find a way to dance around

At the rock fight,
Tonight there's gonna be a rock fight
I have to look into the cock fights
There might even be a big fight
At the rock fight,
We'll be rockin' most all night
All good music's what it's all about
Rock and roll turned inside out

Coolest ladies line the floor
Feelin' free and yell for more
Guitars playing and out of tune
Groupies aooohhh in a commune
Oh baby were gonna put out tonight
People's jeans are left inside
Don't think it's really a zoo
Went wild when they played to you

To the rock fight,
Tonight there's gonna be a rock fight
I have to look into the cock fights
There might even be a big fight
At the rock fight,
We'll be rockin' most all night
All good music's what it's all about
Rock and roll turned inside out

The flame decoration is op the stage
Lotta music is good at night
It's about a nursery rhyme
This stage on Saturday

Free freakers all over the place
The time has come let's get it down
Let's be the loudest band in town

At the rock fight,
Tonight there's gonna be a rock fight
I have to look into the cock fights
There might even be a big fight
At the rock fight,
They'll be rockin' most all night
