A useless oath
In the eyes of most
Internal conflict arise
Insanity
Longing to be free
Eternal suicide

An honored death
With innocence
Every word unheard
Truth or lies
A grievous compromise
Your fucking life will end

Backing down
From the shrieking sound
Of lost family and friends
Sent to the chair
With the world at stare
Soul to the grave he must send

An honored death
With innocence
Every word unheard
Truth or lies
A grievous compromise
Your fucking life will end

No turning back
Too late for that
You'd better confess
At your life's expense

[Solo: Gapen]

The jury hung
Before the payment done
The verdict now at hand
Conviction in sight
A pointless fight
May the prisoner take the stand?

An honored death
With innocence
Every word unheard
Truth or lies
A grievous compromise
Your fucking life will end
