In this world  
Raining fire  
Filled with bodies  
Thieves and liars  
The smell in the air  
Of death and decay  
Sins committed  
Damned to pay  
The sun is black  
Covered up by dust  
The people beg  
For a soul to trust

Heat arises from the flames of hell  
In the lake of fire, where the demons dwell  
Men of evil deal out death  
They torture you till your last breath

Now your face  
A bloody mess  
The demons claw  
Rips through your chest  
Heart is beating  
In it's hand  
You drift away  
Into the sand  
The sun is black  
Covered up by dust  
The people beg  
For a soul to trust

Heat arises from the flames of hell  
In the lake of fire, where the demons dwell  
Men of evil deal out death  
They torture you till your last breath

[Solo: Gapen]

Light goes black  
Everything is lost  
To the dark  
With the devil's mark

Eye for an eye  
Tooth for a tooth  
You'll be begging me fore death  
When I'm done with you

Heat arises from the flames of hell  
In the lake of fire, where the demons dwell  
Men of evil deal out death  
They torture you till your last breath
