Get on your knees and pray  
You're crumbling away  
What would you say?  
If I said you'll die today  
The evil in my vein  
It causes so much pain  
But if you took my life  
What would I gain?  
My mind is so confused  
Twisted and abused  
What have you got?  
What can you lose?  
I'll keep you safe and sound  
Your ankles and wrists bound  
Buried deep six feet underground

A rigid dagger ripping through you flesh  
I'll burn the blackness pumping in your chest  
A curse from hell upon your family's name  
For what you've done to me you shall be  
Slain

I can feel the hatred in my eyes  
Piercing through your soul  
Foolish man don't you know  
You can never get control  
I will crush you  
Tear you apart  
Show you who I really am  
Look deep inside yourself and see  
You're a lesser man

[Solo: Gapen]

Get on your knees and pray  
You're crumbling away  
What would you say?  
If I Said you'll die Today  
The evil in my vein  
It causes so much pain  
But if you took my life  
What would I gain?
