I sing now, for all of you  
With no one to hold on to  
For all the broken hearts out there,  
Waiting for someone to be near.  
Hold on, (This is so du-umb), hold on

To my people listen up  
When I miss somebody  
When she need somebody  
When she had somebody  
Somebody to somebody  
That made you feel like somebody  
That somebody is gone  
And you need somebody

Heartbroken I've been indeed  
Elevated, so unrated, understanding what seems  
Whenever I miss that someone  
I try not to think hard 'cuz then the tears come  
And the tears run down your cheek  
You can't speak bubububut sudden' sudden' the pain  
increase.  
'Cuz youre messed up, fed up, stressed up,  
'cuz they're up and you're down and messed up

Yeah what, don't cry my dear  
I swear I'm near, I care.  
I'm here, right here.  
Baby not, your in the circle of my focus  
I won't let you know, your love is here, right here

I sing now, for all of you  
With no one to hold on to  
For all the broken hearts out there (for all you broken  
hearts out there)  
Waiting for someone to be near

To my people listen up  
When I miss somebody  
When she need somebody  
When she had somebody

Somebody to somebody  
That made you feel like somebody  
That somebody is gone  
And you need somebody

Sixteen and my knees hasn't gone wild  
My good friend homie Big Phil had to die  
I had to fill a room, wrote a song, performed  
First time someone close to me was gone  
I need a lover and I feel like I need it and yes I  
I need the strength to put me through

So I had to (hold on) to my emotions  
and remember my dues  
Now twenty-two, kinda grown man,  
so I made some I have some I lost some friends  
At the end I got to (hold on) to the ones  
that are loyal and will ride to the e-e-end

I sing now, for all of you (just listen up out there)  
With no one to hold on to (don't feel like you are alone  
outthere)  
For all the broken hearts out there, (I'm Here)  
Waiting for someone to be near.

To my people listen up, when I miss somebody (hold  
on) So du-umb  
To my people listen up, when I miss somebody (hold  
on) So uh-uh  
To my people listen up, when I miss somebody (hold  
on) So uh-uh  
Miss somebody (hold on) So uh-tjiiiaa

Sometimes I gotta, sometimes you gotta,  
sometimes you gotta (hold on)  
Sometimes they gotta, sometimes we gotta,  
sometimes I gotta (hold on)  
Sometimes you gotta, sometimes you gotta,  
sometimes they gotta (hold on)

I sing now, for all of you  
With no one to hold on to (shout to the beautiful)  
For all the broken hearts out there (Neverstore.. the one  
and only)  
Waiting for someone to be near

I sing now, for all of you  
With no one to hold on to  
For all the broken hearts out there,  
Waiting for someone to be near (sh-sh-yeah)  
Hold on (this is so dumb)
