Verse 1:

I rock'n'roll with my rockstar swagger  
Got a liced' out skullhead next to the dagger  
Rockstar, rapstar got cheddar  
Call me young MJ, he's bad but I'm badder!  
Party hard. Sex, drugs you know the rest.  
Mad alcohol, dro and a lot of breast  
A known weedhead, known Jack D sippah  
I turn the place out like the Red Hot Chili Peppers  
I'm not T-Pain, don't fall in love with strippers  
I like it when they shake, but I like fucking groupies  
better!  
I stagedive! Head first! Cause I'm crazy!  
It's not a problem cuz' the people love Lazee!

Chorus:

You see me rollin'  
Pumpin' Limp Bizkit  
I'm to'ed up, switching lanes with my Spliff lit'  
Walk this way, Like my name Aerosmith!  
Or run with the MC Na-Now let's do this!

Verse 2:

I'm so fantabolous, I'm so cool  
I wish a M-F took me for a fool  
I use a bass guitar just for my tool  
Get on the roof and go and throw a nigga in a pool  
Papa' was a Rollingstone, I'm a young rolla  
Getting brains, doing interviews through my Motorola  
I'm walking with a model, her job is to brush my  
shoulder!  
So fresh, makes suit geezers do the makeover!  
Yes I'm the takeover! Sit back, relax,  
Let the pro do the job as I break down the FACTS!  
I'm far from wack! I can do Rap!  
You rock'n'Roll and jump right back!

Chorus:

You see me rollin'  
Pumpin' Limp Bizkit  
I'm to'ed up, switching lanes with my Spliff lit'  
Walk this way, Like my name Aerosmith!  
Or run with the MC Na-Now let's do this!
