[I'll be happy

I'll be happy when you die,
the thought just make me wild,
no it aint right.
Just to know that when you're gone,
I'll be singing happy songs,
now is that wrong?

Just like that junkie and his gun,

I know know that I--- can live without you
I--- can live without the yellin' on the phone past
midnight,
all your selfish lies benieth your smile.

A little arsnic on your tea makes a swinger out of me,
Now is that me?
Cut right throguh your jugula and the break line on your
car,
is that too far?

Just like the worm left in the sun,
I know that I--- can live without you,
I--- can live without the yellin' on the phone past
midnight,
all your selfish lies benith your smile.

I don't regret a thing I've said,
I hope this does not offend,
are we still friends?

Just like the
I know that I--- can live without you
I--- can live without the yellin' on the phone past
midnight,
all the selfish lies

I know that I--- can live without you
I--- can live without the money that I spent
and all your superficial friends

I know that I'll be very happy when you die.

Oh yes man,
This where we talk about the nasty woman,
She's out,
I'm through,
I have no more time you know?

'cause she's a nasty girl,
I don't need her love,
she take me like a [impossible to tell what he says by
listening]
I don't need her,
oh no, oh no

lay me down to sleep
rest my soul to keep (x2)]
