Inhale positivity, exhale negativity  
Inhale positivity, exhale negativity  
Inhale positivity, exhale negativity  
Inhale positivity, exhale negativity  
Inhale positivity, exhale negativity

Enjoy the little things in life  
Like the smell of a flower  
The sound of a bird  
Or the shape of a cloud

Do something different today  
Smile to a stranger on the street  
Take a different way home  
Or go by a CD  
With music that you wouldn't have normally bought

Try not to be too hasty  
In your judgment of other people  
And take life  
Less seriously

What you give will always come back double  
Some people spend their whole life waiting for the  
storm  
And never enjoy the sunshine

Inhale positivity, exhale negativity  
Inhale positivity, exhale negativity  
Inhale positivity, exhale negativity

Take a deep breath  
By taking five deep breaths everyday  
It will help remove the build up of toxins in the body  
It also lowers your cholesterol in the blood  
And strengthens your mind  
As you breathe out think only positive thoughts  
Like what a great day this is going to be

Surround yourself with successful people  
Don't feel threatened by them

Challenge yourself  
And learn from them  
Success as a mysterious way of attracting success  
Like negativity attracts more negativity

Inhale positivity, exhale negativity  
Inhale positivity, exhale negativity  
Inhale, inhale exhale, exhale negativity  
Inhale, inhale exhale, exhale negativity

Inhale more life and positivity  
Exhale pain regrets and negativity

Inhale
