Why is marijuana not legal? Why is marijuana not legal?
It's a natural plant that grows in the dirt.
Do you know what's not natural?
80 year old dudes with hard-ons. That's not natural.
But we got pills for that.
We're dedicating all our medical resources to keeping the old guys erect,
But we're putting people in jail for smoking something that grows in the dirt.

You know we have more prescription drugs now.
Every commercial that comes on TV is a prescription drug ad.
I can't watch TV for four minutes without thinking I have five serious diseases.
Like: "Do you ever wake up tired in the mornings?"
Oh my god I have this, write this down. Whatever it is, I have this.
Half the time I don't even know what the commercial is about.
People running in fields or flying kites or swimming in the ocean.
I'm like that is the greatest disease ever. How do you get that?
That disease comes with a hot chick and a puppy.

The schools now about self-esteem; It is all about self-esteem in the schools .
Build the kids' self-esteem, make them feel good about themselves.
If everybody grows up with high self-esteem, who's gonna to dance in our strip clubs?
What's going to happen to our porno industry?
These women don't just grown on trees.
It takes lots of drunk daddys missing a lot of dance recitals before you decide to blow a goat on the internet for fifty bucks.
And if that disappears, where does that leave me on a Friday night with my new high speed connection?
(baby sing sing sing, sing your song, sing for me,

come on now sing, sing sing sing, sing your song, sing
for me (sing sing sing song))

Masterminds another word that comes up all the time.
You keep hearing about thesea thesa terrorists
masterminds that get killed in the middle east.
Terrorists masterminds.

Mastermind is sort of a lofty way to describe what
these guys do, don't you think?

They're not masterminds.

"OK, you take bomb, right? And you put in backpack.
then you get on bus and you blow yourself up. Alright?"

"Why do I have to blow myself up? Why can't I justâ€¦!"

"Who's the fucking mastermind here? Me or you?"

Americans, let's face it: We've been a spoiled country
for a long time.

Do you know what the number one health risk in
America is?

Obesity. Obesity! They say we're in the middle of an
obesity epidemic.

An epidemic like it is polio. Like we'll be telling our
grand kids about it one day.

The Great Obesity Epidemic of 2004.

"How'd you get through it grandpa?"

"Oh, it was horrible Johnny, there was cheesecake and
pork chops everywhere."

Nobody knows why were getting fatter. Look at our
lifestyles.

I'll sit at a drive thru.

I'll sit there for I'll sit there behind fifteen other cars
instead of getting up to make the eight foot walk to the
totally empty counter.

Everything is mega meals super sized want biggie fries
with that want jumbo frie wanta go large want a biggie
fry You wantto have thirty burgers for a nickel you fat
mother fucker. There's room in the bag. Take it!

Want a 55 gallon drum of Coke with that? It's only three
more cents.

Baby sing sing sing sing your song sing for me (come
on now sing) baby sing sing sing sing your song sing
for me (sing sing sing song)

Sometimes you have to suffer a little bit in your youth
to motivate yourself to succeed in later life.

Do you think if Bill Gates got laid in high school, do you
think there'd be a Microsoft?

Of course not.

You got to spend a lotta time stuffed in your own locker
with your underwear wedged up your ass before you

start thinking

" I'm going to take over the world of computers! you'll see I'll show them."

We're in one of the richest countries in the world,
An and the minimum wage is lower than it was thirty
five years ago.

There are homeless people everywhere.

This homeless guy asked me for money the other day.
I was about to give it to him and then I thought he was
going to use it on drugs or alcohol.

And then I thought, that's what I'm going to use it on.
Why am I judging this poor bastard.

People love to judge homeless guys. Like if you give
them money they're just going to waste it he's gonna
waste the money.

Well, he lives in a box, what do you want him to do?
Save it up and buy a wall unit?

Take a little run to the store for a throw rug and a CD
rack? He's homeless.

I walked behind this guy the other day.

A homeless guy asked him for money.

He looks right at the homeless guy and says why don't
you go get a job you bum.

People always say that to homeless guys like it's always
that easy.

This homeless guy was wearing his underwear outside
his pants.

Outside his pants. I'm guessing his resume isn't all up
to date.

I'm predicting some problems during the interview
process.

I'm pretty sure even McDonalds has a "underwear goes
inside the pants" policy.

Not that they enforce it really strictly, but technically I'm
sure it is on the books.

Sing, sing, sing, sing your song, sing for me, (come on
now sing) baby sing, sing, sing, sing your song, sing
for me (sing, sing, sing song)
