Why is marijuana not legal?  
Why is marijuana not legal?  
It's a natural plant  
That grows in the dirt

Do you know what's not natural?  
80 year old dudes with hard-ons  
That's not natural  
But we got pills for that

We're dedicating all our medical resources  
To keeping the old guys erect  
But we're putting people in jail  
For smoking something that grows in the dirt

You know we have more  
Prescription drugs now  
Every commercial that comes on TV  
Is a prescription drug ad

I can't watch TV for four minutes  
Without thinking  
I have five serious diseases

Like, "Do you ever wake up  
Tired in the morning?"  
Oh, my God I have this, write this down  
Whatever it is, I have it

Half the time you don't even know  
What the commercial is  
People running through fields  
Or flying kites or swimming in the ocean

I'm like that is the greatest disease ever  
How do you get that?  
That disease comes  
With a hot chick and a puppy

The schools now  
It is all about self-esteem in the schools  
Build the kids' self-esteem

Make them feel good about themselves

If everybody grows up with high self-esteem  
Who is going to dance in our strip clubs?  
What's going to happen to our porno industry?  
These women don't just grown on trees

It takes lots of drunk daddys  
Missing a lot of dance recitals  
Before you decide to blow a goat  
On the internet for fifty bucks

And if that disappears  
Where does that leave me on a Friday  
With my new high speed connection?

Baby sing, sing, sing, sing, sing your song  
Sing for me, c'mon now sing  
Baby, sing, sing, sing, sing your song  
Sing to me, sing a song

Masterminds are another word  
That comes up all the time  
You keep hearing about these  
Uh, these terrorists masterminds  
That are being killed in the middle east

Terrorists masterminds  
Mastermind is sort of a lofty way to describe  
What these guys do, don't you think?  
They're not masterminds

"Okay, you take bomb, right? And you put in backpack  
Then you get on bus and you blow yourself up"  
"Why do I have to blow myself up? Why don't I put?"  
"Who's the fucking mastermind here? Me or you?"

Americans, let's face it  
We've been a spoiled country for a long time  
Do you know what the number one  
Health risk in America is? Obesity, obesity

They say we're in the middle of an obesity epidemic  
An epidemic like it is polio  
Like we'll be telling our grand kids about it one day  
The Great Obesity Epidemic of 2004

"How'd you get through it grandpa?"  
"Oh, it was horrible Johnny  
There was cheesecake  
And pork chops everywhere"

Nobody knows why we're getting fatter  
Look at our lifestyle  
I'll sit at a drive through  
I'll sit there for I'll sit there

Behind fifteen other cars  
Instead of getting up to  
Make the eight foot walk  
To the totally empty counter

Everything is mega meal  
Super sized  
Want biggie fries with that?  
Want a jumbo fries with that?  
Want to go large?

You want to have thirty burgers  
For a nickel you fat mother fucker  
There's room in the back, take it  
Want a 55 gallon drum of Coke with that?  
It's only three more cents

Baby sing, sing, sing, sing, sing your song  
Sing for me, c'mon now sing  
Baby, sing, sing, sing, sing your song  
Sing to me, sing a song

Sometimes you have to  
Suffer a little in your youth  
To motivate yourself  
To succeed in later life

Do you think if Bill Gates  
Got laid in high school  
Do you think there'd be a Microsoft?  
Of course not

You got to spend a long time  
Stuffed in your own locker  
With your underwear  
Wedged up your ass before you start thinkin'  
"I'm going to take of the world  
With computers! You'll see, I'll show them"

We're in one of the  
Richest countries in the world  
But the minimum wage is lower now  
Than it was thirty-five years ago

There are homeless people everywhere

This homeless guy asked me for money the other day  
I was about to give it to him and then  
I thought he was going to use it on drugs or alcohol

And then I thought, that's what I'm going to use it on  
Why am I judging this poor bastard  
People love to judge homeless guys  
Like if you give them money they're just going to waste  
it

He's gonna waste the money  
Well, he lives in a box, what do you want him to do?  
Save it up and buy a wall unit  
Take a little run to the store for a throw-rug and a CD  
rack  
He's homeless

I walked behind this guy the other day  
A homeless guy asked him for money  
He looks right at the homeless guy  
"Why don't you go get a job you bum?"

People always say that to homeless guys  
"Get a job" like it's always that easy  
This homeless guy was wearing  
His underwear outside his pants

I'm guessing his resume isn't all up to date  
I'm predicting some problems during the interview  
process  
I'm pretty sure even McDonalds has an  
Underwear goes inside the pants policy  
Not that they enforce it very strictly,  
But technically I'm sure it is in the books

Sing, sing, sing, sing, sing your song  
Sing for me, c'mon now sing  
Baby, sing, sing, sing, sing your song  
Sing to me, sing a song
