Lying in my blood
it's soaking up my clothes, that's thanks to you
take my advice
an army is what you need
when I come back to get you be prepared
I'm gonna kick your ass
see surrounding faces looking scared
blood and rage and hate
that's what you get when you feel the pain

RIGHT I feel the pain
KNOCK DOWN knocked down is what you'll get
KNOCK DOWN come here lets start the fight
get on your knees and pray

nowhere to hide

you are just a clown
but I'm the mother fucker, very soon
you'll get to know
no mercy
I'll throw my rage on you so be prepared
I'm gonna bust your face
you made a big mistake you need to pay
blood and rage and hate
that's what you get when you feel the pain

someone to beat, I am looking for someone to beat
now what's the deal, I need a strike
