"No Money To Go"

Since I was just a poor little boy
my greatest desire was to see everything
I always dreamed about beautiful places
naked girls riding on chevrolets

but then my mom said:
'come back to the earth my little boy
help your daddy to
build that fucking fence'
but I'm sure that one day
it will be my lucky day
I have to find someone that
may show me the way

I've got no money to go
years are passing and I'm getting old
my big dreams are still there in my head
I know I know I have to move up
I know I've got to be ready for my trip

but then my girlfriend said:
'when do you want to have a little baby
calm down just one second
I'm your fucking lady'
but I'm sure that one day
it will be my lucky day
I have to find someone that
may show me the way
