Rain's falling down
what a beautiful sound
it's hard to keep my feet on the ground
I'm gonna leave it all behind
looking for a sweet taste that I can't find
am I gonna die?
on that day will you cry?
it's never easy to say goodbye
what do you you want me to say
I really enjoyed the games that we played

I really enjoyed the time that I had
rock&roll; songs and the people I've met
for all the good things in my life
I'll cry with a smile on my face

I'm wondering why
you can take me so high
what's your name again but I don't mind
I know you since the day I was born
I love you all but sometimes I forget

don't tell me your lies
but try believing in mines
that's the way I keep you safe from harm
what do you want me to say
I'm not a saint but I feel like I am

I really enjoyed the time that I had
falling in love with a girl that I hate
for all the bad things in my life
I will laugh about and I will shout them out loud
so come on look at me
see the sun on my face
so come on look at me
tell me what do you see behind the light in my eyes
I really want to know

the clous fade away
on a beautiful day
it's hard to keep my feet on the ground
I'm gonna leave it all behind

looking for a sweet taste that I can't find

are you gonna die?
on that day will I cry?
it's never easy to say goodbye
what do you want me to say
I'm not a fool but I feel like I am

so come on look at me
see the sun on my face
so come on look at me
tell me what do you see behind the light in my eyes
I really want to know from you

so come on look at me
see the scars on my face
so come on look at me
tell me what do you see behind the light in my eyes
I'm in love
with someone I met in my dreams
so what do you want me to say
I never enjoyed the right feeling
if I can make it here I can make it anywhere
