You're afraid to love me.
You're afraid to even know me.
You walk on the street at night.
Tell your friends that I'm a fright.

I'm green when you kick me.
Your man thinks he's bigger than my mom.
You're ashamed of me.
Do, do, dot, do do, do, etc.

You're afraid to bite me.
You're afraid to even touch me.
You walk in the zoo at night.
Tell your bands that I'm a fright.

I'm green when you kick me.
Your man thinks he's bigger than my mom.
You're ashamed of me.
Do, do, dot, do do, do, etc.

Your gums
On wind of
Dirty feathers
My death
Asphyxiates your
Golden matter
Henry Miller
Goes in deeper
Deep like a scab
Which knock in I.

Your eyes are steep.
My love is cold.

I'm green when you kick me.
Your man thinks he's bigger than my mom.
You're ashamed of me.
Do, do, dot, do do, do, etc.
