I'm back but chill, homegirls don't mob me  
You all can slob me down but don't rob me  
I'm Super Lover so come one at a time  
Because when it comes to crowds, I bust rhymes  
To open em up, synchronize so precise  
to make my jams... nice  
Take off my pouch, then cold chill on my couch  
So into me cause I'm relaxin, I'm no slouch  
when it comes to a break, a funky dope pump take  
Just press it on material, let it relate  
to the partyin crowd as we're kickin it loud  
No need to hide the pride, Super Rud feel proud  
It's..

Super - Casanova! (4X)

Now the troopers call me Super superb Lover superial  
I'm known for pumpin the dope on record material  
Rappers I'm runnin em, girls I'm confrontin em  
I've got so many but only do love but one of them  
So, to any girl on the street, who try to pass me  
I say alright and just cold bust the whole chassis up  
Heard me on the radio, now the tables turn  
Said he's awesome but I lost him, so now you learn  
that ain't no time for frontin and cold stereotypin  
Get down on the Lover because I'm Super and hype  
and  
up the atmosphere for entertainin the crowd  
Super Rud's here to do it again, and feel proud  
It's..

Super - Casanova! (2X)

Here's a secret don't ruin it, I'm puttin you on it  
Claim I never cheated on girls, meanwhile I'm doin it  
I'm charmin and dashin, beautiful smashin  
Always known for juicin girls in a orderly fashion  
Huh, that's why they're pickin it, because I'm kickin it  
When it comes to girls I only like em if I'm stickin it  
Mmmm, it's only right because I claim my love is Super  
They're on the jock you know just what I'm sayin trooper

Performer from Astoria, yes I'm an historian  
High established rapper so I'm valedictorian  
Fly and live the life just like a real smooth brother  
Bad on the mic and I'm a cold stone Lover  
It's..

Super - Casanova! (2X)

Yo stop the beat and cuts before we startin em  
For all interferin MC's, let's not pardon em  
Cause I'm chumpin em, my jams I'm thumpin em  
Girls act stupid-aly, when I'm pumpin em  
Starin up a crowd, don't need to be harassin me  
I don't have audacity to pull a weak capacity  
Finale in show, but I'm prolonging the length  
Don't ask did you rock em Sup', cause on the strength  
this mic is forever mine, so have a clever rhyme  
When the other brothers rockin, pay em no nevermind  
Cause I can clock ya, rappin and rock ya  
.. that's how I locked ya on  
So now you're linked, people grow fond of you  
Flash the Sup' jacket, they start to rendezvous  
Rushin up to us, as they pursue us  
Say who's these frontin mothersuckers claimin they  
knew us  
Hmm that made em leary, I guess I leariied em  
Spacin em out, just like a planetarium  
Kicked it loud, but cold kept the crowd  
Don't need to hide the pride, the Super Rud feels proud  
It's..
