I got your name and number
You seem kinda surprised
Maybe it's 'cause I can be
You know like cold as ice

In crowded situations
I always want to go
And if I see you leaving
I'll beat you to the door

I'm gonna tell you something
You're better than fake-wild
I see the future in it
They try and kill your style

Your manners and your motives
I've seen the way it goes
So memorize my number
That's why I got a phone

Call me after dark
Call me
Call me after dark

I can make the sun rise daily
Right up from your landscape painting
I will be in the front row later
When your brush becomes a mic

Maybe we could change this game forever
Shapes our breath make in cold weather
They might say we're both crazy
I'm just glad I found you, baby

Call me after dark
Call me
Call me after dark

I don't want someone telling me
No-oh-oh, you're out of time
I don't mind being debated

As long as you're with me tonight

I'm not gonna give up easy
We were made to cross the line
I don't want the things that we do
I don't want to let them die

Call me after dark
Call me
Call me after dark

I'm not gonna give up easy
We were made to cross the line
I don't want the things that we do
I don't want to let them die

Call me after dark
Call me
Call me after dark

Call me after dark
Call me
Call me after dark

Call me after dark
Call me
Call me after dark
