Well Friday night is comin'  
Everybody's headed down highway four  
And everybody's waitin'  
'Cause we're gonna have some fun

We're gonna dance until it blisters  
We're over come with soul  
And we're waitin' for the fiddler  
To burn out of control

Don't say I can't do (can't do)  
I can't do (can't do)  
I can't do one more two step  
I'm gettin' weak in the knees  
Won't you take me home please  
Can't do one more two step

Everybody's had a hard week  
And they just can't wait to dance  
And they have got eight children  
And Friday night's her chance

She gonna get out on the dance floor  
Gonna shake-a-leg all night long  
And they're waitin' for the fiddler  
Gonna burn down one more song

She said  
I can't do (can't do)  
I can't do (can't do)  
I can't do one more two step  
A get me to the door  
Before I hit the floor  
I can't do one more two step

She said  
I can't do (can't do)  
I can't do (can't do)  
I can't do one more two step  
Gettin' weak in the knees  
Get me home please  
I can't do one more two step

(Instrumental break)

Everybody on the shrimp boats  
And everyone on shore  
Oh they can't wait for the weekend  
'Cause they know what's in store

And the band would like a?  
But they won't leave the floor  
They gonna past the hat around some  
Gonna get'em to play one more

Well I said  
I can't do (can't do)  
I can't do (can't do)  
I can't do one more two step  
Get me to the door  
Before I hit the floor  
I can't do one more two step

I said  
I can't do (can't do)  
I can't do (can't do)  
I can't do one more two step  
A get me to a chair  
And let me get some air  
I can't do one more two step

I said  
I can't do (can't do)  
I can't do (can't do)  
I can't do one more two step

Yeah  
I can't do (can't do)  
I can't do (can't do)  
I can't do one more two step  
(Repeat to fade)
