(CHORUS)

Take a ride on a riverboat  
Gonna leave and that's all she wrote  
Paddle wheel down to New Orleans  
Gonna find me a brand new queen

In the spring when the leaves turn green  
And a fever grip's your soul  
Magnolia hits the air  
Gonna make you lose control  
You get weak down in your knees  
And your heart just slips away  
Delta nights are deadly  
Delta women too  
I'm gonna tell you by my witness  
Oh, it's true

(Chorus x1)

When the eyes of a cajun woman  
Hit you like a storm  
A hurricane ain't never blown  
That could do a boy more harm  
It's easy come and easy go  
And like a fool you'll learn  
Delta nights are deadly  
Delta women too  
I'm gonna tell you by my witness  
Yeah yeah it's true

(Chorus x2)

Delta nights are deadly  
Delta women too  
I'm gonna tell you by my witness  
Yeah yeah it's true

(Chorus x2)
