It feels so 80's
Or early 90's
To be political
Where are my friends?

(Get off the Internet)
I'll meet you in the street
(Get off the Internet)
Destroy the right wing

(Get off the Internet)
I'll meet you in the street
(Get off the Internet)
Destroy the right wing

This is repetitive
But nothing has changed
And I'm crazy
Where are my friends?

(Get off the Internet)
I'll meet you in the street
(Get off the Internet)
Destroy the right wing

(Get off the Internet)
I'll meet you in the street
(Get off the Internet)
Destroy the right wing
