I thought in you I found
A soulmate on my drift
Someone who's kindred
Just the most since I have lived
But all the love I give to you
Is not enough
You're left inside
So all your senses are turned off

So why you don't move on
Anything goes by and so long

Why are you lying (lying)
Still in my bed though you're far away
Why's our love dying (dying)
I've lost my visions of another day
Why are you lying (lying)
So take your crap and leave my life alone
Yeh eh-eh-eh, ah ooh ooh

I'm searching for a way
To get my heart untied
No, you don't need my love
So leave me without fright

So why you don't move on
Anything goes by and so long

Why are you lying (lying)
Still in my bed though you're far away
Why's our love dying (dying)
I've lost my visions of another day
Why are you lying (lying)
So take your shit and leave my life alone
'lone, yeah-eh-eh

No regards, no borders, feel free
Sorrying my orders, just loving me
Flippin' around and coming down
Feeling my roots now back on the ground

Why you don't move on
Anything goes by and so long (and so long)

[instrumental]
Ooh ooh ooh... ooh ooh ooh...

So don't you come along
Anything goes by

Why are you lying (lying)
Still in my bed...

Why are you lying
Still in my bed though you're far away
Why's our love dying (dying)
I've lost my visions of another day
Now I am crying
Uw uh uh uh no
Why are you lying (lying)
Still in my bed

(why are you lying) No regards, no borders, feel free
Sorrying my orders, just loving me
(why's our love dying) Flippin' around and coming
down
Feeling my roots now back on the ground

No, no, no, no(why are you lying)
Ooh ooh yeah

No regards
(no regards, no borders, feel free)
(sorrying my orders, just loving me)
(flippin' around and coming down)
(feeling my roots now back on the ground)
