One voice singing in the darkness
All it takes is one voice
Singing so they here what's on your mind
And when you look around you'll find
There's more than one voice
Singing in the darkness
Joining with your one voice
Each and every note another octave
Hands are joined and fears are locked

If only one voice would start it on it's own
We need just one voice facinf the unknown
And then that one voice will never be alone
It takes that one voice

It takes that one voice

Just one voice singing in the darkness
All it takes is one voice
Shout it out and let it ring
Just one voice
It takes that one voice
And everyone will sing
