"Sun And Moon"

You are sunlight and I moon
Joined by the gods of fortune
Midnight and high noon
Sharing the sky
We have been blessed you and I

You are here like a mystery
I'm from a world that's so
Different from all that you are
How in the light of one night
Did we come so far

Outside day starts to dawn

Your moon still floats on high

The birds awake

The stars shine too

My hands still shake

I reach for you

And we meet in the sky

You are sunlight
And I moon
Joined here
Brightening the sky
With the flame of love

Made of
Sunlight
Moonlight
